VOLUNTEER OPPORTUNITIES

Shelter Legal Services offers many different opportunities for law students, including first year students, to gain legal experience working directly with low income clients. We offer several legal clinics on-site at homeless shelters and other facilities throughout the Boston area. By providing services on-site, Shelter Legal Services reaches underserved individuals who otherwise would not receive legal assistance.

Our variety of clinics also provides unique opportunities for law students to gain valuable experience in a variety of fields. We take many different types of cases from consumer debt, housing, and family law, to veterans' benefits and social security. We encourage our student volunteers to expand their experience into new areas of law under the guidance and supervision of our attorneys. Each clinic is unique and provides a variety of volunteer opportunities on-site at the following facilities:
